

Cuts in Education NEVER Heal!

Join OCASA as we inform and challenge our community to insist that our state legislatures invest in Public Education!

February 27, 2009

Encourage your entire school community to wear RED

Let's send a message to our governor and our legislators that when they report to Tallahassee on March 3, 2009 they have an **obligation** to adequately fund public education and invest in the lives of our children!

Please tell school and your community to write and remind them that they work for *all* of us!

Visit the OCASA website at www.myocasa.net for sample letters and legislative address labels
